

## **CORONAVIRUS (COVID-19)**

Due to advice from the Government the Scout Association have suspended face-to-face activities for the foreseeable future.

This suspension started on Tuesday 17<sup>th</sup> March 2020 and applies to all young people and adults.

We will continue to follow the official guidance but look forward to resuming as normal when it is safe to do so. The safety of our members, their families and anyone else involved in Scouting is our main priority.

### **CURRENT PROGRAMME ARRANGEMENTS:**

Although face-to-face activities have been suspended, for now, there are plenty of online resources and activities our members are encouraged to take part in.

During this time most of our contact will be through our website and Facebook page. Every Wednesday at 6:30pm there will be a 'virtual Scout activity' posted that we encourage members from all sections to join in with. There will also be suggested activities posted by section leaders.

**Current members:** If you are not already a member of our Facebook page please contact your child's section leader who will arrange access (for security and safe guarding reasons this is a closed group).
